Re: Dublin middle of night closer transfer  
Bureau, case work and Classification Status.  
Juarez, Elizabeth # 73014298

Dear Honorable Judge Gonzalez Rodgers

I am sending you this letter in hopes that I have not been overlooked by Special Master Wendy Still. The injunction you placed last week so that no inmate would be transferred at night or day, until Ms. Still would have the opportunity to review all case work and classification Status. I and several others were transferred in the middle of the night on April 11<sup>th</sup> and arrived to Victorville early morning on April 12<sup>th</sup>. Dublin's Lt Mr. Boyed and two other officers drove the bus. It was very stressful and odd to be transferred in the middle of the night without a U.S. Marshal. Also several inmates had left on April 11<sup>th</sup> around midday on Furlow. I just wanted to make sure I was one of the inmates that was going to be reviewed by your Special Master. I do not want to be slipped through the cracks, and lose any opportunities of possible House Confinement or any

process.

I do hope you consider looking into the Vatorville Camp. I would hope to be able to speak to you. I did not have the opportunity when you visited Dublin as Unit B was placed on lock down when you were on the compound.

Respectfully

  
Elizabeth Javer
